

KEYSTONE LOCALS

Miss Myrtle Johnson of Indian-ridge, W. Va., daughter of Mrs. Mollie Johnson, but who is now in the Bluefield State Teachers College, at Bluefield, was the very pleasant guest of Mr. and Mrs. Samuel Wade Sunday of his week.

Atty. J. A. Calhoun, member of the City Council of Keystone, has been very busy this week in the courts of Welch—looking after criminal cases as well as having business matters in the Federal Court at Bluefield.

Mr. Charlie Simpson, once known and called the famous "Walk Heavy" Charlie of Welch stopped off in Keystone from Bluefield where he had been attending Federal Court. En route to his home town, Welch. He paid a high tribute to Judge Mc-Clinch's court.

We have a letter from our good friend R. L. Bailey of Bluefield, formerly of this city, who informs us that since he election, Bluefield has lifted her head above the clouds, and that even the spring birds have come back prematurely to join in the universal song of prosperity. Perched as it is on top of the mountain, we are quite sure that all old Bluefield had to do was stretch its neck a trifle to see the silver lining on the top side of the cloud, and as for the spring birds, they have just went industrialist in order to give them year round service. We are very glad to hear from Mr. Bailey, no one knows that better than himself, and we hope that he may stay above the clouds for there is no greater privilege than that of being permitted to look up at the stars.

Dr. George E. Monroe of Northfork, one of the leading and most influential dentist in the county of McDowell, was called to Keystone Monday of this week on professional business.

It is indeed, with deep regret, that we must chronicle this week the passing of Mrs. Mary C. Hurley, mother of Mrs. Harry J. Caphart, a resident of Washington for half a century. Mrs. Hurley was beloved of all that knew her, because of that gentle kindly spirit and a dominant personality that attracted and held you, after once you knew her well. Wholeheartedly we sympathize with Mrs. Caphart and other members of

the family as well as that host of friends that grieve her passing.

The Honorable W. H. Day, of Bradshaw, who is engaged in the mercantile business and interested in various other business enterprises, as well as being a politician extraordinary, was visiting in Keystone a few days ago, renewing old acquaintances while taking a short holiday. The old wheel horses still carries the old air of optimism and like the rest of us he accepts the trend of the times with the hope that all things will be well.

Mr. Kendrick of Bluefield, Chairman of the Young Men's Republican Club and a very active young man in public life in the city was spending the week end with his uncle "Pap" Kendrick of this city. Mr. Dent is very much informed about politics despite the fact that there is nothing to what you call Politics along through these Diggins.

Attorney Leon P. Miller of Welch, former Assistant Prosecuting of McDowell County—being now actively engaged in the practice of law with his senior partner—Attorney Harry J. Caphart, was looking after and adjusting some very important legal matters this week in Keystone. The firm of Caphart and Miller themselves the most busy for many years. Their every minute is taken up with cases before the New Judge C. E. Marshall.

Mrs. Joseph G. Travis returned from New York City yesterday where she was called because of the death of the brother, the famed Dan-que Orlena Miller of that famous dance team, PETE PEACHES and DUKE of international fame. Our sympathy goes out to Mrs. Travis in her bereavement, because this lovely little lady has the sympathy of her many near and dear friends of this entire South Section of the State.

The Ma So-Lit Club had its first meeting of the year with Miss Elizabeth Anderson, of Gary, W. Va. Mrs. Nolenis Shelton succeeds Mrs. Alice Cardwell as President of the organization.

Dr. Chaibhead and Fayette Craft of Kimball attended the inauguration of Gov. Homer H. Holt in Charleston.

HOUSTON AN OFFICER OF LAWYERS' GUILD

Charles H. Houston, special counsel of the N. A. A. C. P. and former vice-dean of the Howard University law school, was elected second vice-president of the New York chapter of the recently organized National Lawyers' Guild. The new organization is attracting the interest of Negro lawyers over country because it does not draw the color line. The American Bar Association has always maintained a strict color line against Negro lawyers.

Miss Agatha White, of Kimball, was seen in the city Wednesday.

LAUGHS
by the
CARLOAD!

Not just an occasional giggle or a spasmodic smile—but one uproarious laugh after another in the wildest series of sketches ever offered by this or any other paper!

Here's the care-dispelling tonic you've been waiting for, brewed by America's master humorist from the weaknesses of everyday human beings.

You'll want to drink deep from this cheering cup... you'll cry for more after you read the first of these riotous, rollicking sketches by that king of mirth—

James J.
MONTAGUE

Just News...

... often tells but half the story
The real story frequently is hidden by the uninteresting mass of matter coming from Washington these days. Wading through the routine news reports is like looking for a needle in a haystack. If you want a comprehensive understanding of what is going on read the

Washington Digest

By WILLIAM BRUCKART

appearing weekly in this paper.

You will find that this letter contains exactly the information you want, interpreted by an unbiased, competent observer, who not only tells the news, but tells the story behind the news. Mr. Bruckart's long experience as a Washington correspondent has given him news sources and a background of knowledge that make his writing especially valuable to the person who wants to be really well informed.

KEEPING
YOUIN TOUCH WITH
WORLD EVENTS

- Our WEEKLY NEWS REVIEW gives you a condensed, editorial interpretation of the events of each week that are making world history. It is a syndicated newspaper feature prepared by Edward W. Pickard, one of the highly trained newspaper observers of the nation.
- No newspaper can offer its readers any better foundation for their intelligent discussion of the history-making events of the world. We consider ourselves fortunate in being one of the newspapers able to secure this valuable feature.

READ IT
carefully from
week to week

You will find it interesting and helpful in your discussion of world events with your neighbors and friends.

KIMBALL TERRORS WIN
OVER EXCELSIOR TEAM

The Kimball Terrors took the Excelsior Lions for another victory Friday afternoon by the count of 43 to 13. The Terrors' attack, headed by Capt. Woolen, was the best display on the local floor this season. Coach Jones sent in all his squad against the Lions.

At no time during the contest were the visitors a threat. At half the contest ended 25 to 4.

Mrs. Annie Wright is somewhat indisposed this week.

Mrs. Mae Martin has been on the sick list for a few days, but is now improved at this time.

Mr. Jesse Ray, who for several days has been forced to his room and bed is much better to the pleasure of his many friends.

Are you
welcome?

Many attractive persons are not welcomed at social gatherings because their breath is bad. Don't be one of them. Make sure that your breath is sweet and inoffensive by gargling with Listerine. It combats infections which cause odors in the mouth and instantly destroys the odors themselves. Lambert Pharmacal Company, St. Louis, Mo., U. S. A.

COME AND GET IT

Interpreting the
Washington News—

You are vitally interested today in what is happening at the national capital. A new act of Congress or an order issued by one of the multitude of government departments may have a far-reaching effect that is not apparent in the routine news reports.

It is an interpretation of these government activities that is needed to enable you to know just what it is all about and how it all may affect you. It is such an interpretation of the capital news that this paper is providing for you in William Bruckart's WASHINGTON DIGEST which is being published each week. You will find it full of just the kind of information you want.

Why shield
them from

Every danger except EYESTRAIN?

• You bundle up your children against cold and rain. You see that they are tucked snugly in bed at night. You are constantly on guard lest they be harmed in some way. You try to shield them from every danger... but are you sure about eyestrain?

Don't guess. Be sure. There has been too much guessing about proper lighting. And mainly because of improper lighting, one child in every five is an eye cripple by the time he finishes grade school. The ratio increases to two out of five by the time they reach college age.

This company will gladly send one of its specialists to measure your lighting with a light meter. Telephone today.

Electric
REFRIGERATION
PRESERVES FOOD SAFELY

THE old idea of no need for controlled refrigeration in winter has been generally abandoned. Enlightened modern home makers know that all the year round refrigeration shows substantial savings. Even in winter we have many ups and downs in temperature which are conducive to germ development in food.

Milk, meats and perishable fruits and vegetables are all preserved safely the year around with Electric

Refrigeration. Leftovers can be converted into palatable meals instead of being thrown into the garbage can. The government has estimated that \$4.50 a month is saved in this way by the average sized family.

Install your Electrical Refrigerator today and begin saving now on food.
